

## FACEBOOK GUIDELINES

The purpose of the Climate Smart Saugerties Task Force social media Facebook page is to inform the community about the town's efforts to address the climate change crisis, to disseminate climate – related information to its Facebook followers and encourage Facebook followers to take climate -smart actions.

The Climate Smart Saugerties Task Force shall designate administrators for its Facebook page whose responsibility shall be to post information on a timely basis, to monitor the page for comments requiring a response from the Task Force, and to remove comments deemed inappropriate or in violation of these guidelines. I

Every effort will be made to post accurate information. The Task Force posts shall not express affiliation with, endorsement or denouncement of any political party or candidate for public office. Posts from private vendors promoting products or services are not allowed
