Hi Anthony -

Below is the wrap-up on the Energy Task Force's participation in the Ferry Festa event. Attached is the flyer that was widely distributed that day. The Festa includes dozens of vendors and participating organizations with attendance of at least a couple of thousand people. The Ferry Festa facebook page has pictures of the event that show the crowds.

It should be sufficient in my view but we can certainly discuss on Tuesday.

Nina

Hi all,

Another Ferry Festa is done and dusted, and a good time was had by all. The ETF gang pitched in mightily, along with Sara's game helpers, and made light work of it. Many folks took home the recycling flyer and lingered for conversations about leaf mulching and a round of the "Recycling Whiz-Quiz." I believe, on balance, we did focus peoples' attention on recycling, though many seemed to know about the new 1-7 plastic guidelines.

Sara and her friends did a bang-up job on the recycling toss. Between that and the Cedar Street Grill raffle, we netted \$108. Trustee Koenigsburg pulled the winning raffle ticket--Ed Dalio, the Boy Scout chief.

Special thanks to:

- Neil for pitching in during setup and breakdown, and many hours in-between.
- Sara, for recruiting such a terrific work force--Amanda, Solimar, Liz, Dylan, Leah, Alexa, and Steph (is that everyone?), and for staying all day to oversee the game.
- Paddy, for his flexibility during our last-minute location confusion, and for single-handedly pulling off such a hugely successful Festa, which we were honored to be a part of, and which greatly benefited our Village.

Next up, the October 9 Village Board meeting, when we will announce the winners of the Eagle Award. Nina will be in touch with details.

Thanks, again, to all of you, for sharing the day of Fest-ivity!

Holly
