In 1-4, please find a series of documents demonstrating the history and depth of the very active Town of Cortlandt Green Team. The team started in June 2009 (see history) and is still very active today. We have moved from focusing on internal operations, and now the team has more of a community focus based on the results of the GHG inventory and CAP. Cortlandt would be happy to play a role in assisting other communities in establishing a successful green team program.
