

§ 135-2. Restrictions on waste disposal.

- A. The disposal of wastes in any form which are defined as hazardous by the United States Environmental Protection Agency or the New York State Department of Environmental Conservation is prohibited within the boundaries of the Town of Cazenovia.
- B. Disposal of nonhazardous wastes including demolition debris from residential and commercial sources shall take place only in an approved Madison County landfill.
- C. Disposal of nonhazardous sludge and septic tank wastes shall take place only on those sites and in the manner prescribed and approved under permit from the New York State Department of Environmental Conservation. Any violation of such a permit reported to the Town Board shall constitute grounds for prohibition of disposal by that operator within the Town.
