Hi Katie and Paul,

I've attached the approval email from NYSERDA for the Energy Code Enforcement Training, as well as a screenshot of the NYSERDA designated Clean Energy Communities map which shows this High Impact Action completed by the Town. The map can be found here - <https://www.nyserda.ny.gov/All-Programs/Programs/Clean-Energy-Communities/CEC-Map> - and the screenshot may also be used to document the other CSC action I've included below:

- **PE1 Action: National/Regional Climate Program** (3points)

Katie, it's great to hear that you're uploading documentation for the Town's completed Climate Smart Communities Program actions! Is the Town planning on applying for CSC certification via one of the three deadlines in 2020? I know that we'd previously been in touch about the Town's government operations GHG emissions inventory and climate action plan actions, which together represent significant points towards certification, and so I am curious to know the Town's future plans for certification.

I hope you both have wonderful holidays!

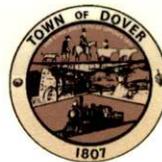

Europa

Subject: NOTIFICATION: NYSERDA Clean Energy Communities | Town of Dover | Energy Code Enforcement Training

Hello Solita,

The Town of Dover recently submitted documentation demonstrating **completion of the Energy Code Enforcement Training** High Impact Action under NYSERDA's Clean Energy Communities program.

Congratulations, your submission has been approved.

This is your **FIRST** approved High Impact Action. Please note that in order to be designated as a Clean Energy Community, you need to complete four high impact actions and at least two of your actions need to be completed after August 1, 2016. Our records indicate that ONE of the actions submitted was completed after this date.

If you have any questions, please do not hesitate to contact your local Clean Energy Communities Coordinator who is working on NYSERDA's behalf to help you navigate the program:

Europa McGovern
Hudson Valley Regional Council
(845) 564-4075 Ext. 211
emcgovern@hudsonvalleyrc.org

Thank you for your interest in becoming a Clean Energy Community. Keep up the good work!
