

PE 1 Regional Climate Program

The Town of Saugerties received designation by the Clean Energy Communities (CEC) program by completing the following high impact actions:

1. Clean Fleets that includes a publicly accessible charging station at the Cantine recreational complex;
2. Unified Solar Permit that streamlines the approval process for small-scale solar projects;
3. Energy Code Enforcement Training (NYSERDA certified) completed by the town's building inspector;
4. Solarize Campaign resulting in 64 residents receiving rooftop solar panels and the installation of solar panels at the Greco Senior Center donated by Direct Energy Solar.

The Town having obtained CEC) designation and was awarded a \$5,000 Block 3 NYSERDA Grant.
