

Resolution

Town of Saugerties Town Board

Memorialize Composting Program: Climate Smart Community Points

Whereas, as to reduce Greenhouse gases and methane produced in landfills, and

Whereas, as to reduce the tonnage of household garbage by separating out food waste, and

Whereas, as to reduce the cost of operating the municipal garbage and recycling program, and

Whereas, as to educate the community, residents and businesses that food waste is a recyclable item that can be separated out from garbage, and

Whereas, as to reduce waste at public events and festivals by separating out food waste from other garbage and recyclables, and

Whereas, as to use compost for soil enhancement in school and community garden programs,

Now Therefore Be It Resolved, the Town of Saugerties adopted an Organic Recycling Program centered at the Transfer Station Rt. 212, Saugerties, NY, 12477, effective November 1, 2018.

This resolution was submitted to a vote and the vote was thereon as follows:

YEAS____ NAYS____ ABSENT____
