

PE5 Action: Compost Bins for Residents

- Documentation that describes the bin distribution, including type of bin, original cost per bin, and cost to residents:
 - Sale is via website - customers purchase, we distribute; Earth Machine spec is attached; \$54.95 +tax.
 - Erie County did not offer a discount to those that purchased, they were offered at cost. The benefit to our sale was that we got the lot at a discounted price because we bought in bulk.
- Promotional and educational materials: Attached
- Number of bins purchased and distributed: 201 compost bins
