Hi all – I wanted to share some resources I've found on things we talked about when we met at the end of January in Montour Falls. You'll find them in this Google doc:

[https://docs.google.com/document/d/1B5Bx-P2NY\\_o016x2E1fmQbnAePt6KTF0tlHzgpJcTrM/edit?usp=sharing](https://docs.google.com/document/d/1B5Bx-P2NY_o016x2E1fmQbnAePt6KTF0tlHzgpJcTrM/edit?usp=sharing) .

The resources include some tools and templates for vulnerability and resilience assessment, maps and data products for vulnerability assessment that are relevant for Montour Falls, example climate actions plans from other communities, and some resources about extreme heat.

I'm going to be on vacation next week and checking email infrequently, but I'll be back on Feb. 25 and look forward to connecting.

Regards,  
Ingrid
