

PE3: Outdoor Municipal Lights In Use

MUNICIPAL PARKING LOT

Our Village municipal lot has lamppost style lights. These were *not* converted to LED for technical and cost reasons.

Photo below shows 3 of the 8 lamppost style lights.

Below, photo showing the new LED lights illuminating our "Doughboy".

Here they are below, during the day.

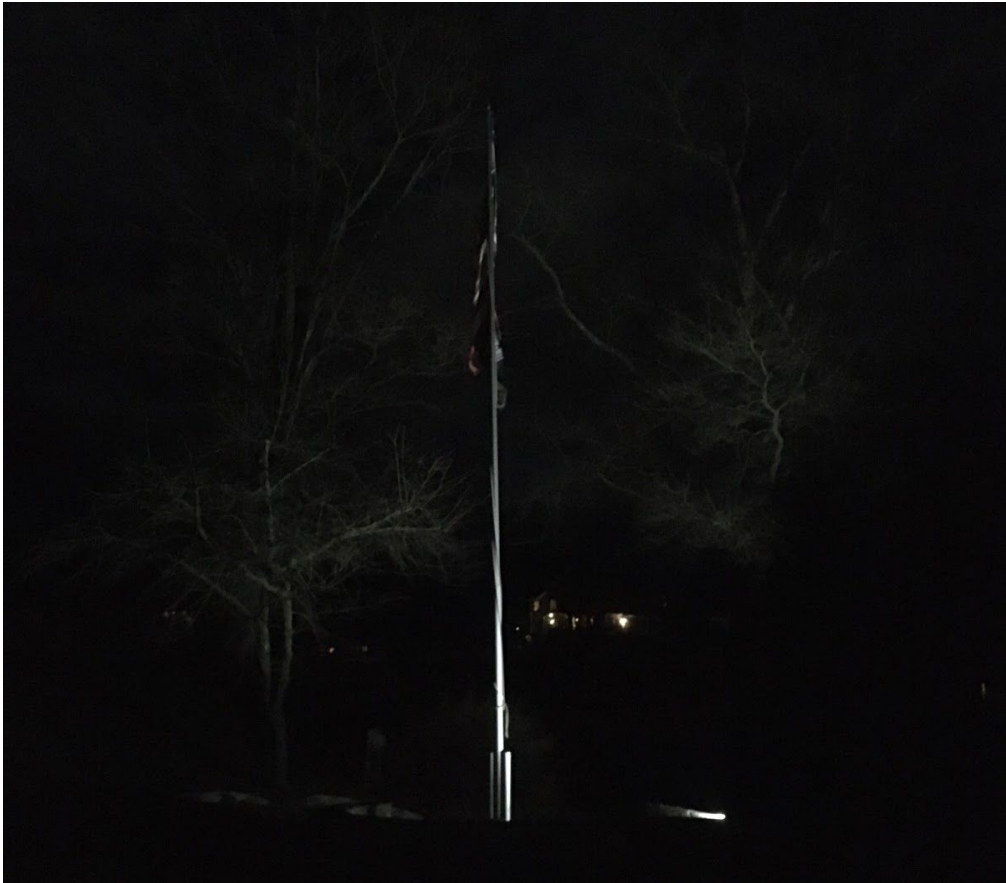

Also pictured below are recessed LED lights, one for each plaque on either side of the Doughboy.

Legion Park/Mill St

One LED outdoor light illuminating the flagpole at Legion Park on Mill St.

VILLAGE HALL

Seven exterior lights

Parking lot at night behind Village Hall, where an EV charging station is, showing the (very) bright LED lamppost. We've also circled the 7th exterior light on the Village Hall, seen in the background of the shot.

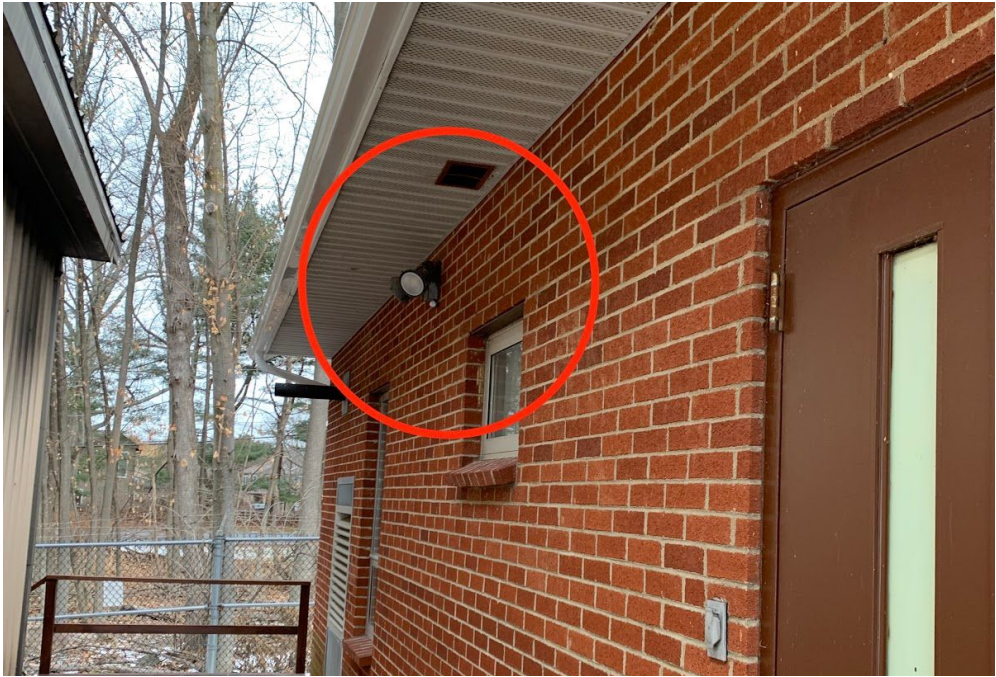

POLICE STATION

Police station showing 12 outdoor LED lights.

WASTE WATER PLANT

WATER TREATMENT PLANT OUTDOOR LIGHTS

HIGHWAY DEPARTMENT GARAGE
