Municipal Savings Presentation: Energy Efficiency Program with PSEG Long Island, Suffolk Shared Services

Information Sessions Scheduled

As part of the 2020 Suffolk County Shared Services plan, the SuffolkShare Energy Efficiency Program will be available for all participating local governments and districts. This program will work to provide lower-cost, energy efficient infrastructure through PSEG Long Island's rebate programs; cooperative procurement; free energy assessments and more.

PSEG Long Island and Suffolk County Shared Services will be presenting information on this program, as well as on the recently passed New York State carbon reduction mandates and how this program may assist your government in complying.

Please contact Tracie Holmberg at tracie.holmberg@suffolkcountyny.gov to RSVP for the following information sessions:
