

COUNTY OF SUFFOLK

OFFICE OF THE COUNTY EXECUTIVE

Steve Levy
COUNTY EXECUTIVE

EXECUTIVE ORDER NO. 04 – 2011

TO: Brian Culhane, Commissioner of Environment and Energy
Gilbert Anderson, P.E., Commissioner of Public Works

FROM: Steve Levy, County Executive of Suffolk County

RE: **Installation of Cool/Green Roofing Material on new or renovated flat roofs on County Facilities**

The consumption of energy in Suffolk County buildings continues to be a large and growing budget concern. Research and case studies have demonstrated that cool roofs and green roofs can help reduce energy costs and stormwater runoff. Suffolk County has been a leader in environmental policy and energy conservation initiatives.

Therefore, pursuant to Sections 3-2, 3-3, 3-4, and 4-2 of the SUFFOLK COUNTY CHARTER, you are hereby authorized, empowered, and directed to consider and evaluate the installation of cool and/or green roof technologies in the scope, budget, and subsequent construction of any roofing design and construction project that repairs, renovates or retrofits a flat roof on a County facility.

This Executive Order applies to all County-owned buildings except for those currently under construction or those funded in the Adopted 2012 Capital Budget.

This Executive Order shall take effect immediately.

DATED: August 24, 2011

STEVE LEVY
COUNTY EXECUTIVE OF SUFFOLK COUNTY
