Local Law Number 9 Of 2019

County Of Ulster

A Local Law Amending Local Law 6 of 2014, To Improve And Strengthen The Sustainable Energy Loan Program

BE IT ENACTED, by the County Legislature of the County of Ulster, New York, as follows:

SECTION 1. LEGISLATIVE INTENT AND PURPOSE.

This Legislature hereby finds and determines that the County of Ulster enacted Local Law No. 6 of 2014 (codified as Chapter 190 of the Code of the County of Ulster), pursuant to provisions of New York General Municipal Law, to establish a Sustainable Energy Loan Program. This program authorized the Energy Improvement Corporation (“EIC”), a local development corporation acting on behalf of the County of Ulster, to make funds available to qualified property owners for the installation of renewable energy systems and energy-efficiency measures.

This Legislature further finds that in the past, EIC utilized two products to offer these loans: the Energize NY PACE Finance 1.0 and the Energize NY PACE Finance 2.0. However, it was difficult to obtain financing for those products. Accordingly, EIC has developed a new product for offering the sustainable energy loan program (known as the Energize NY Open C-PACE Financing Program) which will enable EIC to obtain additional funding and thereby offer more loans to qualified property owners for the installation of renewable energy systems and energy-efficiency measures. EIC has requested that the County amend Local Law No. 6 of 2014 to enable EIC to offer the Energize NY Open C-PACE Financing Program to qualified property owners within the County.

Therefore, the purpose of this law is to amend Local Law No. 6 of 2014 so that it will permit EIC to offer the Energize NY Open C-PACE Financing Program to qualified property owners within the County.

SECTION 2. Section 1 of Local Law No. 6 of 2014 (as amended by Local Law No. 2 of 2018) is hereby amended to read as follows:

This local law shall be known as the “Energize NY Open C-PACE Financing Program.”

SECTION 3. Section 2 of Local Law No. 6 of 2014 (as amended by Local Law No. 2 of 2018) is hereby amended to read as follows:

A. It is the policy of both the County of Ulster (the "County") and the State of New York (the "State") to achieve energy efficiency and renewable energy improvements, reduce greenhouse gas emissions, mitigate the effect of global climate change, and advance a clean energy economy. This Local Law establishes a program that will allow the Energy Improvement Corporation (as defined below, "EIC"), a local development corporation, acting on behalf of the County pursuant to the municipal agreement (the "Municipal Agreement") to be entered into between the County and the EIC, to make funds available to Qualified Property Owners that will be repaid by such property owners through charges on the real properties benefited by such funds, thereby fulfilling the purposes of this Local Law and fulfilling an important public purpose. This Local Law provides a method of implementing the public policies expressed by, and exercising the authority provided by, Article 5-L of the General Municipal Law (as defined below, the "Enabling Act").

B. The County is authorized to execute, deliver and perform the Municipal Agreement and otherwise to implement this Energize NY Open C-PACE Financing Program pursuant to the the Constitution and laws of New York, including particularly Article IX of the Constitution, Section 10 of the Municipal Home Rule Law, the Enabling Act and this Local Law.

The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records on which liens are recorded for properties within the County. The special benefit assessment shall constitute a “charge” within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed and collected by EIC, on behalf of the County, and shall be paid to the Financing Party as provided in the Finance Agreement.

- B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC acting on behalf of the County.

- C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with the EIC, acting on behalf of the County, as provided in the Finance Agreement.

A Local Law Amending Local Law 6 of 2014, To Improve And Strengthen The Sustainable Energy Loan Program

- A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of the County. The amount of the Benefit Assessment Lien shall be the Secured Amount. Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of the County, in the land records for properties in the County. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the County. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by the County.
- B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the "Annual Installment Amount"). The Annual Installment Amount shall be levied by EIC, on behalf of the County, on the Benefited Property in the same manner as levies for municipal charges or taxes, shall become a lien on the Benefited Property as of the first day of January of the fiscal year for which levied (the "Annual Installment Lien") and shall remain a lien until paid. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the County. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.
- C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created by Section 902 of the RPTL or by any other State or local law. No portion of a Secured Amount shall be recovered by the County, EIC, or an assignee upon foreclosure, sale or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.

County Of Ulster

A Local Law Amending Local Law 6 of 2014, To Improve And Strengthen The Sustainable Energy Loan Program

- D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of the County, at the same time and in the same manner as real property taxes or municipal charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of the County, or the Financing Party, as may be provided in the Finance Agreement.
- E. EIC shall act as the County's agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in respect of an Annual Installment Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.
- F. EIC, on behalf of the County, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. The Financing Parties may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens received from EIC, on behalf of the County, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as the County would have had if the Benefit Assessment Lien and the Annual Installment Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection.

County Of Ulster

A Local Law Amending Local Law 6 of 2014, To Improve And Strengthen The Sustainable Energy Loan Program

BE IT ENACTED, by the County Legislature of the County of Ulster, New York, as follows:

SECTION 1. LEGISLATIVE FINDINGS AND INTENT.

The Ulster County Legislature hereby finds and determines that the County of Ulster enacted Local Law No. 6 of 2014 (codified as Chapter 190 of the Code of the County of Ulster), pursuant to provisions of New York General Municipal Law, to establish a Sustainable Energy Loan Program. This program authorized the Energy Improvement Corporation (“EIC”), a local development corporation acting on behalf of the County of Ulster, to make funds available to qualified property owners for the installation of renewable energy systems and energy-efficiency measures.

The Ulster County Legislature further finds that the New York State Legislature recently amended certain provisions of the municipal sustainable energy loan program to “eliminate barriers that have been identified that have prevented the program from reaching its full potential.”

The Ulster County Legislature finds that the amendments to the program, enacted as Chapter 320 of the 2017 Laws of the State of New York, seek to encourage net metered and community solar projects, will allow the County of Ulster’s program to use monies available from the State or any State authority, and will permit a more flexible loan standard for commercial properties.

Therefore, the purpose of this law is to amend the County of Ulster’s Sustainable Energy Loan Program in conformity with changes recently enacted to the New York State enabling legislation.

SECTION 2. Section 2 of Local Law 6 of 2014 is hereby amended to read as follows:

SECTION 2. Legislative intent and purpose.

- A. It is the policy of both the County of Ulster and the State of New York to achieve energy efficiency and renewable energy goals, reduce greenhouse gas emissions, mitigate the effect of global climate change, and advance a clean

energy economy. The County of Ulster finds that it can fulfill this policy by providing property assessed clean energy financing to property owners for the installation of renewable energy systems and energy efficiency measures. This Local Law establishes a program that will allow the Energy Improvement Corporation ("EIC"), a local development corporation, acting on behalf of the County of Ulster pursuant to the municipal agreement to be entered into between the County of Ulster and the EIC **pursuant to Article 5-G of the New York General Municipal Law (the "Municipal Agreement")**, to make funds available to qualified property owners that will be repaid by such property owners through charges on the real properties benefited by such funds, thereby fulfilling the purposes of this section and fulfilling an important public purpose.

- B. The County of Ulster is authorized to implement this Energize NY Benefit Financing Program pursuant to **the Municipal Home Rule Law** and Article 5-L of the New York General Municipal Law.
- C. This Local Law shall be known and may be cited as the "Energize NY Benefit Financing Program Law of the County of Ulster."

SECTION 3. The definitions of "EIC" and "Renewable Energy System" in Section 3 of Local Law No. 6 of 2014 are hereby amended to read as follows:

EIC

The Energy Improvement Corporation, a local development corporation, duly organized under § 1411 of the Not-For-Profit Corporation Law, authorized hereby on behalf of the County to implement the Energize NY Benefit Financing Program by providing funds to qualified property owners (as defined in this chapter) and providing for repayment of such funds from monies collected by the County **tax collecting officer** as a charge to be levied on the real property and collected in the same manner and same form as the County taxes.

PE8 Action: Financing Program for Building Energy Efficiency

2 Points

7 Points

A. Why is this action important?

Creating a demand for green jobs is an important way to support a green economy. Much of that demand can come from the residential and commercial sectors as consumers seek to make improvements to their homes and buildings to lower energy costs. A challenge for implementing home and building energy upgrades is the upfront cost to do so. Local governments have increasingly been finding ways to support energy efficiency in their communities through financing mechanisms that help minimize those upfront costs.

B. How to implement this action

Local governments have developed creative approaches in recent years to promote, accelerate, and incentivize building retrofit projects. Options for such a program could include, but are not limited to, the following:

- Establish an Energize NY Finance program, also known as property-assessed clean energy (PACE) financing
- Use a qualified energy conservation bond (QECCB) to implement an energy efficiency financing program
- Establish an energy revolving loan fund
- Collaborate with local lenders to establish and promote energy-efficient mortgages
- Introduce on-bill financing

Local governments interested in advancing building retrofit projects should determine the best approach for supporting property owners in their communities and should consider initially piloting a program before launching it more broadly. Smaller communities may want to consider collaborating to develop a regional program to leverage resources and achieve greater economies of scale.

C. Time frame, project costs, and resource needs

Developing an energy efficiency financing program can take one to two years, depending on the level of effort to plan the program, organize partners, and develop the procedures for administering the program. If the local government seeks to administer the program, start-up costs and management costs will be incurred.

D. Which local governments implement this action? Which departments within the local government are most likely to have responsibility for this?

This action is applicable to any local government. Responsibility for implementation will likely require interdepartmental coordination, including planning staff, budget and finance staff, grant administrators, local government utilities and will likely benefit from coordination with local financial institutions and the state.

E. How to obtain points for this action

Points are earned for this Climate Smart Communities (CSC) action through creation of a financing mechanism that provides assistance to community property owners in upgrading their homes and buildings for energy efficiency.

POSSIBLE POINTS

Adopt a ordinance, plan, or policy that creates an energy efficiency financing program 2

Implement the energy efficiency financing program 5

NYSERDA Clean Energy Communities: Local governments that have completed the NYSERDA Clean Energy Communities program [EnergizeNY Finance](#) High Impact Action will satisfy the requirements for all seven points available under this CSC action, so long as the local government is currently a member of the EnergizeNY [Energy Improvement Corporation](#) (EIC) at the time of submittal for CSC certification.

F. What to submit

Submit a copy of the ordinance, plan, or policy establishing a financing program focused on energy efficiency. To receive full credit, submit documentation demonstrating that the financing program has been implemented and is operational.

Local governments that have satisfied the Clean Energy Communities [EnergizeNY Finance](#) High Impact Action should submit documentation from NYSERDA confirming satisfaction, along with a screenshot of the EIC's Participating Municipalities webpage showing that the jurisdiction is listed as a current member.

All CSC action documentation is available for public viewing after an action is approved. Action submittals should not include any information or documents that are not intended to be viewed by the public.
