To: Jason Mayer: Chairman of the Gardiner CSC

From: Dave Haldeman : chairman of the Town of Shawangunk EMC

To whom it may concern:

This note is to confirm that Jason Mayer, chairman of the Town of Gardiner CSC, at my request, attended the first meeting of the Town of Shawangunk CSC on Jan. 14th 2019. He gave the new committee a broad base of information concerning the starting of a CSC, the goals and mission of a CSC, the many practical areas that could be addressed, and spent considerable time responding to questions posed by the members of the committee. We were very fortunate to benefit from his own experiences in starting a CSC and beginning the process of taking actions designed to not only accomplish specific objectives but also, in the process, make Gardiner a place that is taking steps to dampen the effects of climate change.

Sincerely,

Dave Haldeman, chairman of the Town of Shawangunk EMC
