

Memo regarding Sustainability Elements in Kingston 2025 Comprehensive Plan

Element	Points	Page(s)
Support alternative modes of transportation (including strategies for bicycles, pedestrians, public transit, and electric vehicles)	Required	18, 40, 49, 52, 53, 88
Promote smart growth principles in land-use policies	Required	89, 55, 100
Conserve natural areas (including strategies to designate open space and protect it from development)	Required	64, 68, 69, 70, 78, 80, 81, 95, 99
Promote a healthy and safe community	Required	18, 22, 29, 30, 40, 47-55, 75, 78, 79, 81, 84, 96
Foster equity (including strategies for housing, schools, transportation, recreation, food, and environmental exposures)	Required	11, 29, 33, 34, 38, 44, 85,
Foster green economic development	3	19, 20, 21, 24, 29, 42, 43, 46, 64, 73, 78, 94
Decrease dependence on fossil fuels and support energy efficiency and renewable energy production	3	19, 21, 24, 32, 41, 66,

Foster the efficient use of natural resources (e.g., water conservation)	3	25, 26, 35, 36, 37, 40, 55, 64, 65,
Promote the development of (or the conservation of) local food systems	3	19, 21, 24, 29, 33, 34, 48, 84, 85,
Minimize solid waste (including strategies to promote recycling and composting or anaerobic digestion of organic materials)	3	29
Protect drinking water sources from pollution	3	35, 36, 37
Promote adaptation to climate change (including strategies related to land use and public education and engagement)	3	21, 24, 29, 37, 48, 93, 94, 95
