WHEREAS, a stretch energy code is simply an energy code that is more stringent than the minimum base energy code that can be voluntarily adopted by local jurisdictions. WHEREAS, some New York State municipalities have adopted stricter energy standards to ensure reduced energy costs for its residents and businesses;

WHEREAS, under NY Energy Law §11-109, the City Council of the City of Beacon is authorized to adopt a local energy code more stringent than the 2020 ECCCNY;

WHEREAS, the City Council of the City of Beacon finds that the City of Beacon will benefit from adoption of the NY Stretch Energy Code - 2020, which requires greater efficiency, where greater energy efficiency will be required in the future; and

WHEREAS, the City Council of the City of Beacon wishes to amend Chapter 106, Energy Conservation, to add Article IV to the City of Beacon City Code; and

WHEREAS, a public hearing was held on April 20, 2020, at which time all persons interested were provided an opportunity to be heard; and

WHEREAS, the City Council of the City of Beacon is declared Lead Agency for the purposes of environmental review with respect to the proposed resolution, in accordance with Article 8 of the Environmental Conservation Law of the State of New York, and the regulations promulgated thereunder at 6 NYCRR 617 (collectively, “SEQRA”); and

WHEREAS, the City Council of the City of Beacon, as Lead Agency, has advised that the proposed action meets the criteria of a “Type II Action” under SEQRA.
