Re: Receipt of Filing of a Local Energy Conservation Construction Code (Local Law No. 02 of 2020)

Dear Iola Taylor,

This letter is to inform you that on May 7, 2020, the Department of State's Division of Building Standards and Codes, on behalf of the State Fire Prevention and Building Code Council ("the Code Council"), received your filing of a copy of the City of Beacon's Local Law No. 02 of 2020, which adopted a Local Energy Conservation Construction Code for the City of Beacon. Based on the promulgation or adoption date indicated in your submission (April 20, 2020), the filing was received within 30 days after promulgation and adoption. Therefore, pursuant to Energy Law §11-109, said local energy conservation construction code may be enforced starting on its stated effective date and continuing thereafter until and unless the Code Council determines that said local energy conservation construction code is not more restrictive than the new version of the State Energy Conservation Construction Code scheduled to take effect on May 12, 2020. **Please note**, however, that your submission to the Division of Building Standards and Codes satisfies the filing requirements of Energy Law §11-109(2), but does not constitute a filing of the local law pursuant to the Municipal Home Rule Law. It appears that Local Law No. 02 of 2020 was filed with the Department of State's Division of Corporations, State Records, and UCC on April 29, 2020. The effectiveness and enforceability of the City Beacon's new local energy conservation construction code is subject to compliance by the City with the Municipal Home Rule Law and any other applicable laws.

If you have any questions, please contact the Code Development Unit at (518) 474-4073 or [code.development@dos.ny.gov](mailto:code.development@dos.ny.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "K Duerr-Clark".

Kevin Duerr-Clark, P.E., CEO  
Assistant Director of Code Development  
Division of Building Standards and Codes
