Pledge Element Submission (PE 3): Fleet Inventory
January 4, 2021

CSC Task Force: Fleet Inventory Policy

The Town of New Lebanon Highway Department maintains an inventory of all vehicles, including model type and mileage. This information is provided to the CSC Task Force upon request for the purposes of maintaining an accurate fleet inventory. The inventory is provided in Excel via email. Robert Gilson is the designated CSC volunteer for collecting and maintaining this information on behalf of the task force every December.
