

RESOLUTION ADOPTING SPEED HUMP POLICY

WHEREAS, the Village of Bronxville continues to implement vehicle and pedestrian safety improvements to encourage the walkability of our neighborhood while maintain vehicular traffic;

WHEREAS, an additional tool to aid in the control of vehicle speed and traffic calming are speed humps;

WHEREAS, speed humps are an effective and appropriate device for safely reducing vehicle speeds on certain types of streets where very low speeds are desired and reasonable.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees approves the adoption of a speed hump policy which will define the criteria, eligible streets, guidelines for placement, sign and pavement requirements, and procedures to request speed humps.
