Thank you, we all really appreciate it.
(I think what ends up happening is after the handful of stop lights coming down North Road.. people get to the last one and accelerate the rest of the way to the intersection.)

Stay dry as well!

Hi Kate,

I am going to alert the Chief now and will advise on next steps. Please don't hesitate to follow up with me on Friday if you don't hear from me beforehand.

Best,
Stephen

Hi Stephen,
Thanks for this info. (We are neighbors at 55 Alder Lane.)
I just looked at the minimum criteria and feel very confident we meet all three points.
Are there next steps for watching cars speed? We can definitely get neighbors to support to effort.
I don't want this to get buried. It is worrisome, especially with young children and the way the roads wind.
Best,
Kate

Hi Shana,

Hope you're well and staying dry today!

The Board of Trustees just passed a resolution outlining the rules/regulations concerning speed humps:<https://www.villageofbronxville.com/home/news/bronxville-speed-hump-policy>

Please note that it is something we can look into for your street but you will need your neighbors to support the effort as well. I will add your roadway to the list of prospective locations for PD consideration.

Best,
Stephen

Hi Stephen,
Hope all is well. Just wanted to check back to see if you were able to speak to the Police Chief about a solution to the speeding North Road. Cars tend to speed up on North Road between the stop signs on Forest Lane and Crawford Street. Maybe a speed bump on North Road, where it intersects with Alder Lane would help?

Thanks for your help!

Hi Shana,

Nice speaking with you as well. Thanks for the photo, looks like it may be a water access cap. I'll reach out to Suez.

And thank you for letting me know of your concerns, I'll speak with our Police Chief and see what solutions we might be able to come up with.

Best,
Stephen Shallo

Subject: North Road

Hi Steve,

It was very nice speaking with you. I have attached two pictures of the hole in front of 45 North Road.

Please also let me know if you need anything further regarding my inquiry about a speed bump on this section of North Road. I have copied my neighbor, Kate Kline, who has young children as well, and is also concerned with the speeding.

Thank you!
