

To: Central Hudson

From: Marybeth Majestic, Town of Gardiner Supervisor

To Whom It May Concern,

Please accept this letter as a formal request that Central Hudson suspend converting Gardiner's street lamps to LEDs. Specifically, we would like to suspend Central Hudson's replacement of existing inoperable fixtures that pose no imminent safety issues.

We request that if anyone reaches out to Central Hudson about a broken light, that Central Hudson should notify the town about such requests and relay to us pertinent information re whomever called and about what specific streetlamps, so we can reach out to these persons to explain how the town is conducting an energy audit and why we have suspended LED replacements during this time.

Finally, we would also like to request that Central Hudson conduct its own billing audit of Gardiner's streetlamps.

We have conducted a streetlamp audit and will be emailing our inventory to you once we have approval from the Town Board.

Please confirm in writing you have received this notice.

Regards,

**Marybeth Majestic**
