

Climate smart Communities Task Force

Meeting date: 6-14-21. Cady Park

Meeting #7

Present: Jean Curlee, Dan Degan, Debby Glynn, Ellen Kutner, Sandra Larkin, Pam Lovinger, Meta Plotnik, Kay Saderholm

Absent: Michelle Bear, Alan Berkowitz, Pat Smith

The meeting was called to order by Sandra Larkin at 12:12 p.m.

We initially went over our current status. We have now 95 points. Bronze level requires 120 points, but we should shoot for 140, as all we have now might not count.

Ellen Kutner went over the Climate Smart Certification Action Checklist and showed us what points we have for certain Legacy Actions. We will need supporting data for each Legacy Action. Danielle can help us with this. We should save her time with us for helping to get all information uploaded as we try to get Bronze certification.

Sandra then presented the attached chart of possible actions we may be able to complete. There was some discussion on each and volunteers were asked to work on these items.

A special meeting was scheduled to discuss Pleasant Valley Days:

June 29, 2021 at noon at Cady Field

The next Climate Smart meeting will be:

Monday, July 12, 2021 at noon at Cady Field

We will share reports on Legacy Actions we have been working on.

Recorded by,
Debby. Glynn
