

AN ENVIRONMENTAL INITIATIVE OF MONROE COUNTY

Monroe County's Recyclopedia

Guidelines for Mixed Recycling at the
Monroe County Recycling Center

Updated 11/19

This document is regularly updated. In the interest of waste reduction, we suggest that you do not print this guide.
The Recyclopedia can be viewed online at www2.monroecounty.gov/files/DES/recyclopedia.pdf.

Mixed Recycling at the Monroe County Recycling Center

For over 25 years, Monroe County residents have enjoyed a progressive and convenient curbside recycling program. As is its charge from the County, Waste Management, Inc., the Monroe County Recycling Center's (MCRC) contract operator, examines the waste stream for sustainable recovery opportunities. In 2014, the MCRC started to accept Mixed Recycling materials from its recycling collector customers. **Mixed Recycling means that paper materials no longer need to be separated from containers—all acceptable items can be mixed together.**

The MCRC's ability to process Mixed Recycling has enabled the collection of recyclables in a one bin system, including the transition to rolling recycling carts provided by several local municipal and private collection companies. The benefits of Mixed Recycling include cost effective collection with a compaction truck, reduced transportation impacts, increased convenience for residents, and often increased recycling rates.

One of the primary challenges with Mixed Recycling is increased contamination, the amount of non-recyclable materials that are put into recycle bins and ultimately disposed. To that end, Monroe County has compiled its first-ever Recyclopedia as a guide for residents to determine whether or not everyday items are acceptable for curbside recycling. **Some recycling collection companies are not customers of the MCRC. Residential customers should contact their collection company to confirm what is accepted and how recycling bins should be prepared.**

Recyclopedia Layout

The first section of the Recyclopedia identifies the paper, plastic, metal and glass items that are recyclable curbside and instructions on how to properly prepare these materials for collection. **Recyclables should always be EMPTY, CLEAN, and UNBAGGED.**

The second section of the Recyclopedia highlights common items that are not acceptable in the Mixed Recycling program through the MCRC, how to prepare appropriate items for disposal, and whether there is an alternative option (reuse, donation, composting, store drop offs, mail in programs etc.)

In 2011, Monroe County and Waste Management partnered to create the **ecopark**, a one-of-a-kind drop off for hard to handle recyclables for *Monroe County residents*. Located at 10 Avion Drive in the Town of Chili, the facility is open on Wednesdays from 1:00 p.m. to 6:30 p.m. and on Saturdays from 7:30 a.m. to 1:00 p.m. For a full list of acceptable items, associated fees and necessary appointments, please visit www.ecoparkmcny.com. The Recyclopedia also identifies items that are acceptable at the **ecopark**.

Acceptable Paper Items

ITEM	EXAMPLE	PREPARATION
<p>Cartons and Drink Boxes</p> 	<ul style="list-style-type: none"> • Beverage cartons including milk, juice, and water • Single serve drink boxes • Broth and soup cartons • Shelf-stable and refrigerated cartons 	<ul style="list-style-type: none"> • Empty- no liquids • Remove plastic straws and place in garbage • Reattach caps
<p>Newspapers, Magazines and Catalogs</p> 	<ul style="list-style-type: none"> • Inserts are also accepted 	<ul style="list-style-type: none"> • Remove plastic newspaper bag and magazine wrap and recycle at retailers or ecopark along with plastic bags (NOT curbside) • Do not tie in bundles
<p>Cardboard</p> 	<ul style="list-style-type: none"> • Shipping boxes • Box packaging for toys, electronics etc. 	<ul style="list-style-type: none"> • Empty and flatten boxes • Remove block, white, packing foam and recycle at ecopark (NOT curbside) • Remove plastic air pillows/ bubble wrap and recycle at retailers or ecopark (NOT curbside) • Reduce to 2X4 feet in size • Place inside or next to recycle bin • Do not tie in bundles
<p>Pizza Boxes</p> 		<ul style="list-style-type: none"> • Remove wax paper liners and place in garbage • Recycle whole box if not covered in grease and food residue • Dispose of bottom section if saturated in grease (or compost where accepted) • Tear off clean top part of pizza box and recycle
<p>Paperboard Boxes and Rolls</p> 	<ul style="list-style-type: none"> • Dry goods, like cereal and cracker boxes • Tissue, gift and shoe boxes • Beverage boxes, like soda and beer flats or cases • Frozen food boxes • Rolls from toilet paper and paper towels 	<ul style="list-style-type: none"> • Remove plastic liners and recycle at retailers or ecopark along with plastic bags (NOT curbside) • Flatten boxes

Acceptable Paper Items

ITEM	EXAMPLE	PREPARATION
<p>Paper Food Items</p> 	<ul style="list-style-type: none"> • Paper egg carton • Paper drink tray • Paper bags 	<ul style="list-style-type: none"> • Empty, clean and dry • Compost where accepted • No paper cups, plates, napkins, tissues, or paper towels • No foam egg cartons
<p>Junk Mail and Envelopes</p> 	<ul style="list-style-type: none"> • Advertisements and brochures • Manilla envelopes • Envelopes with windows 	<ul style="list-style-type: none"> • No paper envelopes lined with bubble wrap
<p>Office and school paper</p> 	<ul style="list-style-type: none"> • Construction paper • Computer paper • Composition or spiral notebook paper • File folders 	<ul style="list-style-type: none"> • Paper with staples, tape, or glue is OK • Remove metal spiral from notebooks and dispose in trash or recycle at ecopark in scrap metal • No three ring binders
<p>Softcover books</p> 	<ul style="list-style-type: none"> • Phone books • Other softcover books 	<ul style="list-style-type: none"> • Do not tie bundles • No hardcover books
<p>Wrapping paper</p>	<ul style="list-style-type: none"> • Plain wrapping paper • Tissue paper 	<ul style="list-style-type: none"> • Remove ribbons, bows and place in trash • No metallic or foil paper
<p>Shredded paper</p>		<ul style="list-style-type: none"> • Contain in brown paper bag (staple shut) or box • Do not put in plastic bag

WHEN IN DOUBT, THROW IT OUT.

If you do not see an item on this list or are not sure if it is clean enough to recycle, do not put it in your recycle bin. If a load of recycling contains non-recyclables – even by just a fraction – that entire load risks not being recycled.

Acceptable Plastic Items

ITEM	EXAMPLE	PREPARATION
<p>Bottles</p> 	<ul style="list-style-type: none"> • Drink bottles • Shampoo and conditioner bottles • Squeeze bottles including condiments and dish soap • Spray bottles for cleaning products • Often marked with #1 or #2 	<ul style="list-style-type: none"> • Empty and clean- no liquids, food or product • Reattach caps, lids, and spray pumps • No pill bottles (bring over the counter and prescription pill bottles to ecopark or other pharmaceutical drop off for recovery; see pg 24)
<p>Jars</p> 	<ul style="list-style-type: none"> • Food jars including peanut butter, mayonnaise, sauce, nuts etc. • Often marked #1 	<ul style="list-style-type: none"> • Empty and clean- no food • Reattach lids
<p>Jugs</p> 	<ul style="list-style-type: none"> • Milk, laundry detergent, windshield fluid, cooking oil, and vinegar • Often marked #2 	<ul style="list-style-type: none"> • Empty and clean- no liquids, food, or product • Reattach caps
<p>Tubs</p> 	<ul style="list-style-type: none"> • Dairy products such as margarine, butter, sour cream, and yogurt • Single-serve yogurt container • Often marked #5 	<ul style="list-style-type: none"> • Empty and clean- no foods • Reattach lids • Remove foil seals and dispose in trash

 **EMPTY**

 **CLEAN**

 **UNBAGGED**

WHEN IN DOUBT, THROW IT OUT.

If you do not see an item on this list or are not sure if it is clean enough to recycle, do not put it in your recycle bin. If a load of recycling contains non-recyclables – even by just a fraction – that entire load risks not being recycled.

Acceptable Metal Items

ITEM	EXAMPLE	PREPARATION
<p>Aluminum cans</p> 	<ul style="list-style-type: none"> Soda, beer, sparkling water 	<ul style="list-style-type: none"> Empty- no liquids
<p>Tin/Steel cans</p> 	<ul style="list-style-type: none"> Tuna, cat food, canned goods 	<ul style="list-style-type: none"> Empty, clean and dry Keep lid attached Label is also acceptable
<p>Aerosol cans</p> 	<ul style="list-style-type: none"> Sunscreen, hair spray, shaving cream, cooking and cleaning spray etc. 	<ul style="list-style-type: none"> Empty Reattach caps No pesticide or spray paint cans (dispose of empty cans in trash or bring to ecopark for recycling)
<p>Pots & pans</p> 	<ul style="list-style-type: none"> Metal pots and pans Sheet trays 	<ul style="list-style-type: none"> Consider donation if in good condition Clean before recycling Dispose glass lid
<p>Foil</p> 	<ul style="list-style-type: none"> Pie pans, baking dishes Aluminum foil 	<ul style="list-style-type: none"> Empty and clean- no food Form foil into ball the size of baseball or larger

Acceptable Glass Items

ITEM	EXAMPLE	PREPARATION
<p>Bottles</p> 	<ul style="list-style-type: none"> Soda, water, wine, beer Brown, clear, green, or blue glass 	<ul style="list-style-type: none"> Empty- no liquids Reattach caps Labels are OK Dispose of loose metal caps that cannot be reattached (Do NOT put in Mixed Recycling) or bring to ecopark for scrap metal recycling Dispose of corks or look for reuse option
<p>Jars</p> 	<ul style="list-style-type: none"> Sauce, pickles, etc. 	<ul style="list-style-type: none"> Empty- no liquids or food Reattach caps and lids

✓ EMPTY

✓ CLEAN

✓ UNBAGGED

WHEN IN DOUBT, THROW IT OUT.

If you do not see an item on this list or are not sure if it is clean enough to recycle, do not put it in your recycle bin. If a load of recycling contains non-recyclables – even by just a fraction – that entire load risks not being recycled.
