Hello Robert,

Congratulations! According to our records, the Town of Pittsford recently completed four High Impact Actions under NYSERDA's Clean Energy Communities program. The Town is hereby named a **Clean Energy Community** by the State of New York and is eligible for a grant in the amount of **\$50,000**.

You have three months from the date of this email (**JANUARY 20, 2018**) to go online and submit one or more projects for funding. Please make sure the project(s) meet the selection criteria set forth in the program Guidance Document.

If you have any questions regarding your project submission, please do not hesitate to contact your local Clean Energy Communities Coordinator who is working on NYSERDA's behalf to help you navigate the program:
