Hi Stephanie,  
I'm reaching out to see if you are able to share information about how many compost bins are sold through the WNY Stormwater Coalition's efforts? I'm working to support the City of North Tonawanda's Climate Smart Communities application and it requires information regarding how many units were distributed through the program.

Please let me know if you have any questions or would like more information.

All the best,

Hi Jason,  
Stephanie is no longer with us. Are you looking for NT sales exclusively?  
I have databases going back 6 years.

Hi Mary,  
Thank you. I appreciate the rapid response!  
Could you share NT numbers specifically as well as the total for the sale for the last 3 years?

Thank you,
