The Sweeney Bike Path is a beautiful, scenic and heavily used path taking you from downtown NT to Mayor's Park. The City looks to build on the momentum of that path, by extended it from Mayor's Park along Sweeney Street all the way to Botanical Gardens. This path with provide amazing access to travel for pedestrians and bicyclists meeting a need on a street with no safe shoulder or sidewalks for travel. To learn more click on the link!

Today was our community tree planting day. 23 trees were planted at Pinewoods park with the help of some great community friends. 12 trees were purchased by community members and designated for the park as part of the PlaNT it Forward program. The other 11 trees were transplanted from our city's tree farm. We discussed the current tree inventory and community forest management plan as part of the DEC grant award and what that means for us moving forward! Thanks to all who helped out!

Grateful to Buffalo Niagara Waterkeeper for a great project which checks all the boxes of the vision and purpose of the NT Botanical Gardens

- ✓ Sustainability
- ✓ Enhancement of habitat and species diversity
- ✓ Educational opportunities for the community
