Otsego County  
197 Main Street  
Cooperstown, NY 13326

Dear Otsego County:

On behalf of the Town of New Lisbon, I hereby submit this letter of commitment of the Town of New Lisbon's participation in the Otsego County Climate Smart Communities Institute. I commit volunteer and staff hours to meetings/trainings as well as compiling data required to complete both the Governmental Operations and Community Greenhouse Gas Inventories.

Currently, Town of New Lisbon is a registered Climate Smart Community. We plan to use these inventories as planning tools for our community as well as working toward our bronze Climate Smart Communities certification.

I want to express my support for this Climate Smart Communities Institute, as it will give our community a chance to set goals and plan for climate change with the level of assistance and expertise that make the undertaking feel less burdensome, and much more achievable.

Sincerely,

cc. Charlene Wells  
Julia Nadeau  
Nancy Martin-Mathewson  
John Braunius  
Alyx Braunius

I hereby certify that Otsego County accepts Town of New Lisbon as a participant in the Otsego County Climate Smart Communities Institute.
