

Village of Lake Placid Climate Smart Communities

PE6: Alternative Fuel Infrastructure

Points Requested: 6, for 2 publicly available charging stations

Below is a screenshot from Plugshare taken 6/24/2022 showing that the charging stations at the Village of Lake Placid Public Parking are open to the public.

The screenshot displays the PlugShare interface. On the left, a sidebar provides details for the selected location: 'Village of Lake Placid Public Parking' at 'The Adirondack Park, 2591-2593 Main St, Lake Placid, NY 12946, United States'. It lists '10' ChargePoint stations with a total capacity of '6.6 kW'. The interface includes options for 'Check In', 'Bookmark', 'Add Photo', 'Directions', and 'Alert'. A 'Plugs (1 Kind)' section shows 'J-1772 ChargePoint' with '2 Stations'. The main map area shows the location in context with various local businesses and landmarks. A copyright notice at the bottom reads '© 2022 Redango, Inc. All rights reserved.' and includes links for 'Privacy', 'Terms of Use', 'Developers', 'Stats', 'FAQ', and 'Advertise'.
