

## Village of Lake Placid Climate Smart Communities

### PE6: Traffic Calming

**Points Requested: 3, for traffic calming on less than 1 mile of road**

Slides 14-19 of the attached presentation show the upgrades for Main Street in Lake Placid to improve pedestrian access, safety, and traffic flow. Many of these improvements were completed in late spring/early summer 2022. Included in these upgrades are bumpouts and plantings designed to slow traffic.

Photos taken 6/29/22.
