

Village of Lake Placid Climate Smart Communities

PE6: Infrastructure for Biking & Walking

Points Requested: 3 for “expand and improve bike/walking paths, bike lanes, and sidewalks”

The Village of Lake Placid’s Main Street upgrade project includes sidewalk improvements along the entirety of the Main Street downtown area. The project also includes crosswalk improvements to enhance safety, accessibility, and aesthetics for the downtown area. Please see Slide 10 of the attached presentation for an overview map where the sidewalk improvements are located.
