Mary Liz Mulligan
The Bronxville Giving Garden
PO Box 404
Bronxville, NY 10708

I would like to take this time to acknowledge the partnership between Eastchester Community Action Partnership (ECAP) and The Bronxville Giving Garden for the past 6 years. The regular twice weekly and sometimes three times a week donations during growing season, of just harvested organic vegetables and herbs to ECAP goes a long way in supplementing the nonperishable Food Pantry items. Participants of the pantry are really grateful to receive fresh organic food items that they would not be able to afford from the local market. In addition, with the increase of families experiencing Food Insecurities as a result of the pandemic, the vegetables donated by The Bronxville Giving Garden assist ECAP to meet the needs of the community during these unprecedented times.

ECAP appreciates your support and look forward to our continued partnership as we help those in need in our community.

Sincerely,

Denise Chin, MBA
Area Director
