## Save Money through Local Solar

The Town of Mamaroneck invites community members - including renters, homeowners, small businesses, houses of worship, and more - to lower monthly electricity bills by up to 10%. How? By enrolling in Hommocks Park Community Solar located on the Town's Hommocks Park Ice Rink.

Community solar allows you and your neighbors to receive all the benefits of renewable energy without installing solar panels on your own property. All of the project's clean, solar energy goes into the local electric grid, powering your community for years to come.

- Save up to 10% on your monthly electric bill.
- Free to join
- Free to cancel at any time (with 60 days notice)
- Support renewable energy right in town!

The Town of Mamaroneck, in a first for Westchester County, prioritized making Hommocks Park Community Solar available to those with lower incomes that would benefit most from the savings. The Town now welcomes you to sign up for this savings program. Open to:

- Renters
- Apartment and condo-dwellers
- Homeowners
- Houses of Worship
- Other organizations may be eligible. Contact Sustainable Westchester.

Non-Town residents are invited to sign up for other community solar opportunities with similar savings by clicking here. (<https://sw.powermarket.io/marketplace.html>)

# Hommocks Park Community Solar Community Solar Project

Hommocks Park Community Solar is a 485 kW solar array on the roof of the Hommocks Park Ice Rink in the Town of Mamaroneck. This Community Solar project will serve approximately 100 local residents, including those that reside in the Hommocks Park Apartments, live in rental apartments, or consider their household low to moderate income. Hommocks Park Community Solar will provide those that join with up to 10% savings on their electricity bills for years to come. The Town will also earn lease payments for the use of the ice rink roof and for its strong commitment to providing solar for all.
