Bicycle Parking  
Village of Lancaster, NY

Bicycle Bollards installed at West Drullard Park

Bicycle bollards were installed at West Drullard Park in 2021. The Park is located on the corner of Central Avenue, the main east-west thoroughfare in the Village, and near the downtown business district. In addition to children's playground equipment, the park includes an adult fitness station covered by a shading canopy.

In 2021, the Village reopened West Main Street between Central and Aurora as part of downtown revitalization efforts. The streetscape includes sidewalks, a bicycle rack (shown below) and bollard for bicycle parking (shown next page).

Bicycle parking on West Main Street
