

Town of Irondequoit– Improve bike parking– 2 pts

Town Hall/ Library Bike Parking

Prior to 2015, there was no building where the Irondequoit Public Library now sits. With the construction of the new library in 2015 (<https://irondequoitlibrary.org/about-the-library/>), the town built bike parking, a new bus stop, and new sidewalks to make the public entity accessible for all people, regardless of their mode of transportation.
